Welcome to Nordiskt Forum Malmö 2014 – New Action on Women’s Rights

NORDISKT FORUM Malmö 2014 – New Action on Women’s Rights is a historic meeting with a focus on women’s rights and gender equality. It is organised by 200 organisations from the Nordic women’s movement.

World-renowned debaters, Nordic policymakers, activists, companies, municipalities, universities, civil society organisations, government authorities, cultural workers and feminists will be present in Malmö on 12-15 June 2014.

AROUND 15,000 PEOPLE will come to Malmö to analyse the situation and, together, set the agenda for the gender equality policies of the future. We need to move forward and answer the questions: what has happened to women’s rights in the past 20 years? What new demands will we place on the UN and the Nordic governments? How do we meet tomorrow’s challenges?

The main program and discussion points are based on CEDAW and the Beijing Platform for Action. During four intensive days of debates, seminars, dance, art, lectures, policy, research, literature, passionate speeches, music, comedy, performances, workshops and much more, Nordiskt Forum will show that we want to achieve a gender equal society and a gender equal world.

Participate in Nordiskt Forum Malmö 2014 – New Action on Women’s Rights and make your mark. It is all happening in Malmö. Here, we will design new strategies, place new demands and present new proposals. It is time for New Action on Women’s Rights! See you in Malmö!
